

TECHNICAL DATA SHEET

| |
|--|
| Product : CALCIUM CHLORIDE SOLUTION 38 % |
|--|

| | | |
|---------------------------|--------------------------------|--------------------|
| Formula : CaCl_2 | Description : Aqueous Solution | Grade : Industrial |
|---------------------------|--------------------------------|--------------------|

Chemical Analysis

| | | | |
|--|-----------------|--------------|--------------|
| Calcium Chloride (CaCl_2) PH | 38.000 8.000 | Min. Min. | % Typical |
|--|-----------------|--------------|--------------|

Physical Properties

| | | | |
|----------------------|------------------|--------------|-----------------------------|
| Density Turbidity | 1.380 100.000 | Min. Max. | Grs./C.C. P.P.M. Typical |
|----------------------|------------------|--------------|-----------------------------|
